

Spring is in the air ... and that means ice cream season is here!
We are looking for another team member to add to the team.
We may be a little convenience store, but we do offer a whole lot more.

If you:

- enjoy working with the public
- have some retail experience (but willing to train the right individual)
- are able to go with the flow and shift priorities
- are a self starter and able to look beyond the task at hand

We would love the opportunity to chat!
Email your resume or drop it off in person
